

# **MAINTENANCE OF TRAFFIC BULLETIN**

## **WASHINGTON AVENUE STREETSCAPE IMPROVEMENT PROJECT**

**June 14, 2005**

**Monday, June 20, 2005 through Friday, June 24, 2005**

### **6<sup>th</sup> to 7<sup>th</sup> Street on the east side of Washington Avenue:**

Implementation of a partial Maintenance of Traffic will be taking place between 6<sup>th</sup> and 7<sup>th</sup> Street on the east side of Washington Avenue. Northbound traffic will be restricted to one lane for approx. 1/2 of the 600 block after which both lanes will be opened. Work will consist of well drilling. The duration of the work is anticipated to be 1/2 week.

### **10<sup>th</sup> to 12<sup>th</sup> Street on the east side of Washington Avenue:**

Implementation of the full Maintenance of Traffic will be taking place between 10<sup>th</sup> and 12<sup>th</sup> Street on the eastside of Washington Avenue. Northbound lanes will be shut down with traffic being diverted to the west side of Washington Avenue. Intersections within the Work Zone will remain open as long as it does not interfere with construction or pose a safety hazard. Pedestrian barriers will be placed to assure the safety of pedestrians and to maintain pedestrian access at all times. Deliveries and valet parking will be accommodated as much as possible. The work will consist of storm drainage improvements. The duration of the work is anticipated to be approximately 1 week. Work will also consist of well drilling between 11<sup>th</sup> and 12<sup>th</sup>. Work is anticipated to last 1 ½ weeks

### **11<sup>th</sup> Street to 16<sup>th</sup> Street on the eastside of Washington Avenue:**

Implementation of a partial Maintenance of Traffic will continue between 11<sup>th</sup> Street and 16<sup>th</sup> Street on the east side of Washington Avenue. Northbound lanes will be reduced to one lane as necessary throughout the day and reopened at night. There will be turning, pedestrian and parking restrictions during the construction. Work consists of trenching and installing pull boxes and conduits. Trenching will be occurring across the intersection of 12<sup>th</sup> Street on the eastside of Washington Avenue and will continue along the 1100 block up to 11<sup>th</sup> Street. Conduit and pull box installation will be taking place from 11<sup>th</sup> Street up to 16<sup>th</sup> Street. The work zones will be cleaned up and restored daily. The duration of work is anticipated to be approximately 2 weeks.

### **Espanola to 16<sup>th</sup> Street on the eastside of Washington Avenue:**

Implementation of the full Maintenance of Traffic will continue between Espanola Way to 16<sup>th</sup> Street on the eastside of Washington Avenue on Monday June 20, 2005. Northbound lanes will be shut down with traffic being diverted to the west side of Washington Avenue. On Tuesday June 21, 2005, Implementation of a full Maintenance of Traffic will be enforced between Espanola and 16<sup>th</sup> Street on the east side of Washington Avenue. Northbound lanes will be reduced to one lane as necessary throughout the day and reopened at night. There will be turning, pedestrian and parking restrictions during the construction. Work consists of sidewalk replacement, curb and gutter and lighting fixtures. The duration of the work is anticipated to be approximately 2 to 3 weeks (work is contingent on concrete availability and weather conditions). There will be Proper notification will be given of any changes due to unforeseen circumstances.
